

Podcasts

Objective: Improve students' listening skills in English while promoting critical thinking and communication.

Level: Intermediate to Advanced

Duration: 1-2 class periods (adjustable)

Materials Needed

- Access to a computer or mobile device with internet connectivity
- A selection of relevant podcasts
- A projector or screen (optional)

Teaching Outline

Introduction (10 minutes)

Begin the lesson by discussing the importance of listening skills in language learning. Explain that listening to real-world content, such as podcasts, helps students improve their comprehension, vocabulary, and pronunciation. Emphasize that podcasts offer diverse perspectives on current issues, making them an excellent source of authentic language input.

Podcast Selection (10 minutes)

Choose two or three podcast episodes that focus on current issues relevant to your students' interests or the curriculum. Ensure that the

ESL LISTENING ACTIVITIES FOR KIDS AND ADULTS

episodes are at an appropriate language level for your students. You can find podcasts on platforms like Spotify, Apple Podcasts, or educational websites.

Pre-listening Activities (15 minutes)

Before listening to the podcast, introduce the topic and key vocabulary or concepts that may appear in the episode. You can create a word bank on the board or provide a handout. Encourage students to make predictions about what they might hear based on the episode's title or description.

Listening (20-30 minutes)

Play the selected podcast episode for the class. You can project it onto a screen or have students listen individually with headphones. Encourage active listening by instructing students to take notes on key points, unfamiliar words, or interesting ideas.

Post-listening Activities (20 minutes)

After listening, engage students in the following activities:

- **Comprehension Questions:** Provide a set of comprehension questions related to the podcast. Students can work individually or in pairs to answer them.
- **Discussion:** Divide the class into small groups and give them time to discuss their thoughts on the podcast episode. Encourage them to share their notes and opinions.
- **Vocabulary Exploration:** Have students share and define any new words or phrases they encountered while listening. Discuss the context in which these words were used.

ESL LISTENING ACTIVITIES FOR KIDS AND ADULTS

- **Critical Analysis:** Ask students to critically analyze the podcast. Did they agree or disagree with the content? What evidence from the episode supports their views?

Group Presentations (20 minutes)

Reorganize the class into small groups and assign each group one of the podcast episodes you selected earlier. Instruct them to prepare a short presentation summarizing the episode's main points and discussing their group's perspective on the topic. Encourage them to use their notes and insights from the post-listening activities.

Presentations and Discussion (30 minutes)

Allow each group to present their findings and opinions to the class. After each presentation, open the floor for questions and discussion. Encourage students to respectfully express their views and engage in debates if necessary.

Reflection and Homework (10 minutes)

Wrap up the lesson by asking students to reflect on what they learned from the activity. Did their listening skills improve? What were the most challenging aspects of the exercise? Assign homework that reinforces the lesson, such as writing a short reflection or summarizing another podcast episode of their choice.

Follow-Up (Next Class)

In the next class, revisit the podcast topic briefly to reinforce the vocabulary and concepts learned. Encourage students to continue exploring podcasts on their own and share interesting episodes or insights with the class.

Assessment

Assess students' listening skills based on their participation in the discussion, comprehension questions, and the quality of their group presentations. Provide feedback on their language accuracy, fluency, and critical thinking abilities.

This classroom activity not only enhances students' listening skills but also encourages critical thinking, vocabulary development, and meaningful discussions on current issues. It makes use of authentic content and promotes active engagement in the learning process.

TED Talks

Objective: Improve students' listening skills in English and promote critical thinking through the analysis of TED Talks.

Level: Intermediate to Advanced

Duration: 1-2 class periods (adjustable)

Materials Needed

- Access to a computer or mobile device with internet connectivity
- A selection of TED Talk videos
- Projector or screen (optional)

Teaching Outline

Introduction (10 minutes)

Begin the lesson by discussing the significance of strong listening skills in language learning and the real-world applicability of TED Talks. Explain that TED Talks feature diverse speakers sharing their expertise on various topics, making them excellent resources for language learners.

TED Talk Selection (10 minutes)

Choose two or three TED Talk videos that align with your students' interests or the curriculum. Ensure that the talks are at an appropriate
